

# User needs

As a...	I want to...	So that...
Student	be able to log my transactions with an amount, date and merchant.	I can keep a record of my spending
Student looking to save some money	be able to categorise my spending to see where I spend most of my money, i.e. entertainment, clothing or groceries	I can have a better understanding of where I am spending my money
Student with a limited budget	be able to set a monthly spending limit and be made aware when I am close to this limit.	I do not go over my month budget
Student living with other students	review information about the spending of the household	we can keep track that everyone is sharing the expenses
